ALL EMPLOYEE ANNOUNCEMENTS – PLEASE DISTRIBUTE

KNOW YOUR GOVERNMENT

States and municipalities try to influence federal policy through all of the following except

- a) National League of Cities
- b) U.S. Conference of Mayors
- c) Urban League
- d) Council of State Governments
- e) National Governors' Association

The answer is C:

The Urban League is a civil rights organization that does actively lobby the federal government on issues affecting minority groups. All of the other organizations are clearly examples of intergovernmental lobbies that press the case for states and municipalities.

DEAR COMMUNITY PARTNERS

We are reaching out to you in the aftermath of the tragic incident in Chapel Hill, North Carolina in which three young Muslim Americans lost their lives in a senseless act of violence this week. Our thoughts and prayers are with their families and loved ones. Our diverse American communities across the United States are what make this nation great. We have personally traveled to meet with many of you across the country, and shared ideas about how we can all work together to keep our nation safe and secure. As the tragic incident in Chapel Hill reminds us, we must remain vigilant in our quest to keep each other safe.

Should you have questions or need to follow up please contact CRCL's Community Engagement Section Lead at CommunityEngagement@hq.dhs.gov
